STAKEHOLDERS FEEDBACK ANALYSIS REPORT 2023-2024

Introduction

Curriculum feedback is an important tool for ensuring that the curriculum meets the needs of students and stakeholders. It can help identify areas where the curriculum is strong and areas where it can be improved. Curriculum feedback has been collected from various sources, including students, faculty, employers, and alumni.

Findings

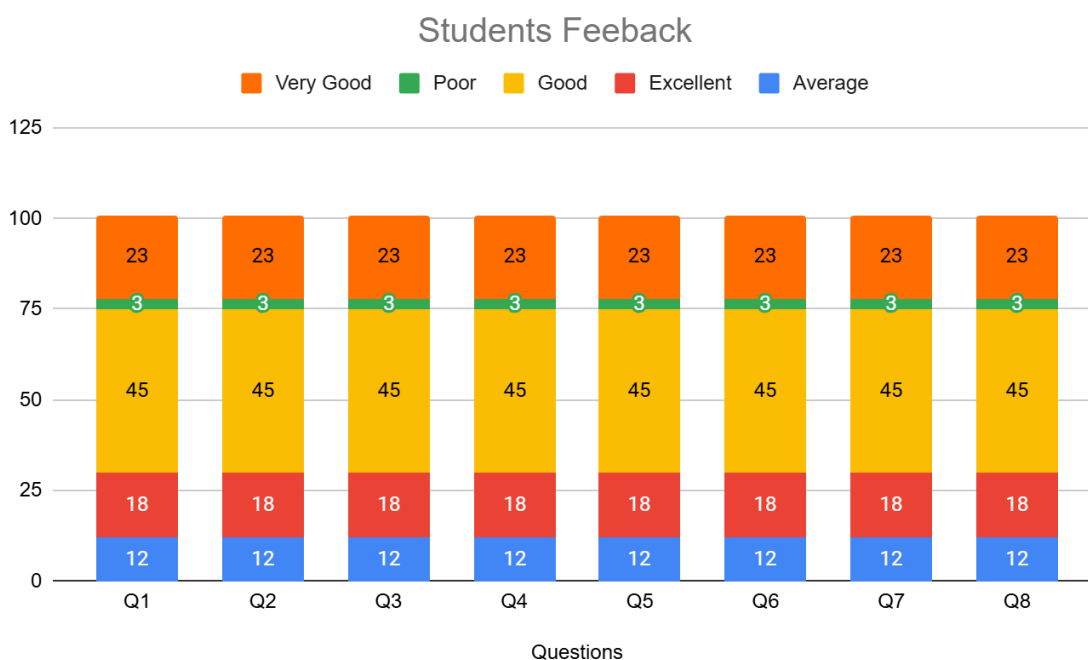

- Overall, students, employers and faculties are satisfied with the curriculum.
- Students find the curriculum to be relevant to their interests and goals.
- Students are satisfied with the quality of instruction.
- Students would like to see more opportunities for hands-on learning.
- Students would like to see more opportunities for interdisciplinary learning.
- Alumni suggested to improve curriculum based on new emerging trends and technologies in industries
- Faculties suggested to add interdisciplinary contents, job training & internship as part of the syllabus
